

**REMARKS**

This response relates to the Miscellaneous Office Communication available in the present patent application's Image File Wrapper on PAIR attached as Attachment A. Initially, it is noted that Applicants never received a copy of this Communication by mail. Although the IFW lists the "Mail Room Date" of this Communication as January 30, 2009, the document contains neither a cover sheet indicating the corresponding agent and correspondence address mailing date nor a time period for reply. As such, Applicants were not made aware of this Action until contacted by the Examiner by telephone on July 7, 2009.

The Miscellaneous Office Communication appears to indicate that Sequence Listing submitted January 15, 2009, fails to comply with the requirements of 37 C.F.R. §§1.821-1.825.

Applicants enclose herewith a substitute Sequence Listing, in paper and computer-readable form copies, that fully addresses the issues raised in the Miscellaneous Office Communication.

Applicants assert that this Response and the enclosures bring the present application in full compliance with the requirements of 37 C.F.R. §§1.821-1.825.

Applicants respectfully request that the Examiner acknowledge that the substitute Sequence Listing meets the requirements of 37 C.F.R. §§1.821-1.825 and that the Examiner enter the substitute Sequence Listing.

Applicants note that as there was no mailing date for this Action, no period of reply was set. Accordingly, no fees are being remitted at this time. However, if fees ultimately prove necessary, the USPTO is directed and authorized to charge all required fees, except for the Issue
